Programs

Speaker Bureau: Bob Moffatt YN Coordinator: Mark Matys Newsletter Editor: John Frost Hi all,

Last month, we had an excellent meeting, dealing with some significant issues. First of all, we had announced a increase in our monthly rent to more than double our current level. This, along with a decrease in attendance, a dwindling bank balance, and general blasé at our meetings. We had an open discussion about reasons, and possible remedies. It was very fruitful.

One area of concern was our auctions, most recently with a single consigner, and not offering a wide range of lots to attract members to attend. Also, lack of volunteers for even simple activities (such as selling raffle tickets, etc.). We highlighted our club's strengths (monthly education, bourse, YN program, etc.), along with some weaknesses we cannot do anything about (lack of running local shows, many local clubs, etc.).

Great things came about at the meeting. We had members volunteer to help with raffles, mailing print newsletters to those few without computers, marketing the club, and consigning to auctions. Matt Erskine volunteered to make up the increase of our rent between himself and the Kittredge Foundation, along with our liability insurance premiums.

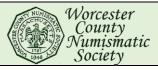

We had a member make an anonymous donation of \$800 to the club. This generous gift shows how much this club means to some of us. We thank this member so much, and everyone else for that matter for your commitment to this club. All the above greatly reduces financial pressures on the club. And you will see this month's auction is the largest in years! Come to the meeting and bid often, and big!

Program this month is Mint Errors by John Frost. See you on Friday!

John and Mike
